LEADER'S MESSAGE

Dear Unionites,

Knowledge is the most essential tool to navigate the world full of challenges. It helps one discover hidden abilities, untapped passions, purposes and provides insight into what could happen and how to avoid undesired outcomes.

HR is entrusted with the task of making employees future ready by clarifying the purpose, value and culture of the organization. Of many initiatives aimed at building capacity and capabilities, I am happy to see the training system coming out with a comprehensive booklet, “मानव संसाधन संग्रहिता” (Manav Sanshadhan

Sangrahitā) containing all HR-related information in one place. It's a rich source of information on HR products, policies, and various staff welfare schemes and benefits.

Compliments to the team HR for coming out with such a comprehensive booklet. I wish it wider readership.

Best Wishes

Yours Sincerely

A Manimekhalai
(MD & CEO)

This handbook has been meticulously crafted to ensure knowledge, clarity, and a deep understanding of our organizational policies and support systems. The handbook contains a detailed overview of our bank's policies, procedures, and code of conduct. It serves as a reference guide, ensuring that every employee understands and complies with the established guidelines, fostering a harmonious and productive work environment.

I compliment the effort made by the **Union Learning Academy (People Excellence) Bengaluru**, in compiling all HR-related resource material in a single booklet. This initiative is another step towards the continuous improvement of our workforce.

We encourage you to use this handbook which is a valuable resource to familiarize yourself with the policies, regulations, and staff benefits provided by our Bank.

Dear Unionites!

Human Resources department is dedicated to partnering with business units to maximize the potential of our greatest asset—our employees. We embrace change and the opportunity it brings. We are focused on delivering quality customer service and are committed to develop, implement and support programs and processes that add value to our Organization and our employees, leading to improved employee welfare, empowerment and growth, while remaining committed to key business drivers, its management and prosperity for our customers, employees and shareholders.

Knowledge exchange among the employees is crucial to organizational effectiveness. Leadership can enhance employees' willingness to share knowledge. Knowledge sharing is a critical component of knowledge management. The degree to which an organization creates new products, services and processes better and faster than its competitors is dependent on knowledge sharing practices and that enables organizations to develop skills and competencies, increase value and sustain their competitive advantage.

This HR e Manual “मानव संसाधन संग्रहिता” provides a framework of principles, policies, procedures, guidelines, tools, and templates to serve as a practical guide for all the employees.

I am sure that this manual will add value to the knowledge of the employees at the same time will guide the employees about the existing HR policies, procedures and initiatives on a single platform.

Yours Sincerely

Dear Unionites,

Training and development aim to enhance current or future employee performance by increasing an employee's ability to perform through learning. This is achieved by changing the employee's attitude or by enhancing their skills and knowledge.

As part of our Learning and Development framework, we are committed to providing our employees with a stable work environment that offers equal opportunities for learning and personal growth. We encourage creativity and innovation to improve the effectiveness of the organization.

The HR Manual, “मानव संसाधन संग्रहिता,” is an effort to consolidate all HR policies and procedures onto a single platform, making it easier and more convenient for all employees to access.

Avoidance of delay in initiation of Disciplinary Action against Erring Official/s
STAFF CIRCULAR NO.: 06385:2023 dated 27.07.2023

It is our endeavor to ensure that any disciplinary action against an erring official, if initiated, the proceedings need to be concluded within the prescribed timelines. More so, in case of officials who are due for superannuation, the disciplinary proceedings should conclude well before the date of superannuation to enable the officials to retire peacefully without any stress or mental agony. However, this aspiration is getting defeated on account of delay in initiation of action against erring official/s.

We are coming across instances of delays in initiating action against erring officials who are due for superannuation in a month or so and it is becoming much more difficult for the Disciplinary Authority to conclude such cases as principles of natural justice need to be followed. Despite of our commitment to conclude all the disciplinary cases of the officials superannuating shortly, still 1-2 fresh cases pertaining to such official/s are cropping up in isolation due to which we are forced to invoke Regulation 20(3)(iii) of the Union Bank of India (Officers') Service Regulations, 1979, which inter alia provides that "the concerned officer will not receive any pay and/or allowance, after the date of superannuation. He will also not be entitled for the payment of retirement benefits till the proceedings are completed and final order is passed thereon".

There are instances, wherein inordinate delay is noticed in examination and finalization of Staff Accountability, be it Credit/Non-Credit areas within the stipulated timelines as envisaged in the Policy on Staff Accountability issued by CCMD, CO/ERD, CO from time to time.

It is also observed that, at times, there is delay in initiation of action by the Controlling Office against official/s, though the lapses/irregularities have come to the notice of the concerned authority through any of the following sources:

1. Audit Report (Internal & External)
2. Staff Accountability Report
3. Investigation Report
4. ASM, LPA, CPA, Control Returns etc.
5. Special Report
6. Complaint etc.

This delay in initiation of action includes:

1. Non-issuance of Show Cause Memorandum to erring official/s
2. Lack of follow up in getting the reply from the erring official/s within the stipulated time
3. Non-preparation of Tabular Sheet with RH/ZH/VH comments that is to be presented to Internal Advisory Committee, Central Office, for determination of Vigilance/Non-Vigilance angle.

In view of the above, we advise all the functionaries to scrutinize the pending reports/complaints, if any, and initiate necessary action wherever necessary as deemed fit without any loss of time. Also ensure examination & finalization of Staff Accountability in necessary accounts/areas within the laid down timelines so as to avoid invocation of Regulation 20(3)(iii) of the Union Bank of India (Officers') Service Regulations, 1979, as referred above, even in isolated cases. Please ensure that this activity is carried out on an ongoing basis in true letter and spirit and avoid any unpleasant action against the concerned for not adhering to these guidelines.

PENSION CALCULATIONS:

AGE OF THE PENSIONER: in case of pension, the average salary of last 10 months shall be considered.

Case A): 40 yrs. Case b): 55 yrs. Case C): 60 yrs.

CASE A): NOT ELIGIBLE FOR PENSION, SINCE LESS THAN 12 YEARS.

Case B): Average pensionable pay i.e. Basic + FPP+PQA + Other allowances eligible for PF x no. of yrs. of service + additional service (Max 5 yrs.) if not completed 33 years of actual service, provided still having left over service of 5 yrs. or more) / 2 x 33.

Basic Pension is = $30000+600+750 \times (26 + 5) / 2 \times 33 = 14725$.

Commuted portion = $14725/3 = 4908$.

Reduced Basic Pension = $14725 - 4908 = 9817$.

Commutation amount: $4908 \times 12 \times$ commutation factor i.e. 11.42 (since already he had completed 55 yrs. of age, hence the factor of next birthday i.e. 56 yrs. has been taken) = 672592.

Commuted portion will be restored after 15 yrs. from the date of commutation.

IMP. Point: if the commutation is done within 1 yr. from the date of retirement, then the pension can be commuted without Medical certificate. Otherwise, pensioner has to undergo medical examination and the age will be taken for commutation factor as per the doctor's certificate.

Case c) = $(30000+600+750) \times 33 / 2 \times 33 = 15675$. I.e. Basic Pension is 50% of pensionable pay.

Though he had completed 36 yrs. of service, the max. service to be considered for pension will be 33 yrs. only.

Commuted portion: $15675/3=5225$. Commutation amount: $5225 \times 12 \times 9.81 = 615087$.

Another example, say one's age is 53 yrs. & completed 30 years of service, then the pension & commutation will be as under Basic Pension : $(30000+600+750) \times (30+ 3) / 2 \times 33 = 15675$. Commutation amount = $5225 \times 12 \times 12.05 = 755535$.

The commutation amount is more in this case as compared to case "C" since the age is less, eligible for full pension and the survival chances are more, hence the commutation amount is more.

Nomination to Employees' Gratuity Fund/ Provident Fund & Death Relief Fund (DRF)

1. Retirement Benefits viz Gratuity and Provident Fund are payable to the employees on cessation from the services of the Bank either on superannuation / resignation / voluntary retirement or death while in service.
2. It has been the earnest desire of the Management to settle the above retirement benefits, as early as possible, either to the employee or to nominee / legal heirs.
3. It has been observed that in many cases, bank is not able to settle the claims for payment of Gratuity / Provident Fund / Death Relief Fund (DRF) of deceased employee either due to absence of any nomination or anomalies in nominations already made. Further, legal heirs of the deceased employee are required to submit Succession Certificate / Family Member Certificate, Indemnity Bond, Affidavit etc which not only delays the settlement of these benefits but also puts the legal heirs to lot of hardships.
4. Time and again, Bank has issued communications / circulars highlighting the importance of nomination to Gratuity Fund / Provident Fund and Death Relief Fund. However, despite our best efforts to ensure that nomination to retirement benefits is done by all the employees, we have come across quite a number of cases where either nomination is not done by the employees or there is some anomaly in nominations, resulting in delay in settlement of the claims.
5. In the above back drop, all the employees are advised to check their nomination for retirement benefits like gratuity, Provident fund and DRF in Union Parivar. If there is no nomination, they are advised to nominate and if the previous nominations require any change, the same may be updated / changed /corrected, immediately in Union Parivar, to facilitate settlement of claims for payment of Gratuity / Provident Fund / Death Relief Fund, without any delay.
6. All Branches / Offices are advised to bring the contents of this circular to the notice of all employees and ensure that nomination for retirement benefits viz. Gratuity / Provident Fund / Death Relief Fund (DRF) is done by every employee in the Region.

As per the Scheme, Officers are eligible upto 6 months lease rent as refundable security deposit payable to landlord. Presently, the refundable security deposit for the leased accommodation is being paid by debiting Suspense Account - Rent Deposit for Officers (AI c. During the course of Statutory Audit of branches/ offices, Central Statutory Auditors have given observation that Suspense Account- Rent Deposit for Officers (A/C. No. XXXXX8260002400) should be a pointing account. Accordingly, in order to carry out smooth reconciliation of the account, a new Suspense Account -Rent Deposit for Officer for leased accommodation (Ale. No. XXXXX8260080000) has been opened for all branches/offices of the Bank. Henceforth, branches/offices are advised to debit this new Suspense account for payment of refundable security deposit to landlord. Further, all branches/offices are also advised to reconcile the existing entries in the old Suspense Account - Rent Deposit for Officers (Ale. No. XXXXX8260002400) and transfer the outstanding entries to the new Suspense Account -Rent Deposit for Officer for leased accommodation (A/c. No. XXXXX8260080000). While transferring the individual entry, the Name and Emp. No. of the concerned Officer should invariably be mentioned in the 'Remarks' field. FGMOs/ROs should ensure that this exercise should be completed by all branches/ offices in their jurisdiction by 20th December 2022.

CHAPTER – VI

PROCEDURE WITH REFERENCE TO DISCIPLINARY / CRIMINAL PROCEEDINGS AGAINST OFFICERS

6.1 (a)

(i) 1) Officers in respect of whom major penalty other than major penalty of reduction to a lower grade or scale has been inflicted will not be eligible to participate in the promotion process for a period of one year from the date of infliction of the said penalty.

2) In case of all Officers against whom, major penalty of reduction to a lower grade or scale has been inflicted, will not be eligible to participate in the Promotion Process for a period of two years from the date of infliction of the said penalty.

(ii) Officers on whom the minor penalty other than Censure is imposed, the rigor of penalty will be operative for one year or for one promotion process after infliction of penalty whichever is earlier.

(iii) In respect of those officers who have been imposed punishment/ penalty after being empanelled for promotion to higher grade scale, their names will be struck off from the merit list and they will

also not be permitted to participate in the subsequent promotion process(es) depending upon the nature of penalty imposed as mentioned herein above (i & ii)

- (iv) Where promotions are to be effected from empanelled/ waitlisted candidates throughout the year as and when the vacancies arise, fresh clearance will be sought from the concerned Dept. such as Vigilance, E.R Division etc. and in case of denial of Vigilance / ER clearance to empanelled officers / Executive, the promotion of officer / executive will be kept on hold till the matter is brought to logical end and if they are completely exonerated the promotion order will be released. However, such empanelment will be valid till the end of the financial year for which the promotion process was conducted.

6.1 (b)(i) The following category of Officers will be permitted to take part in the promotion process but the findings of the Competent Authority as regards empanelment / promotion of these Officers will be kept in Sealed Cover to be opened after conclusion of the disciplinary case/ criminal prosecution:

- (1) Officers who are under suspension;
- (2) Officers in respect of whom a charge-sheet has been issued and the disciplinary proceedings are pending;
- (3) Officers in respect of whom prosecution for a criminal charge is pending.

The Competent Authority shall assess suitability of the officer coming within the purview of the circumstances mentioned above, along with other eligible candidates without taking into account the disciplinary case / criminal prosecution pending against him/her.

However, if on the conclusion of the disciplinary case/criminal prosecution, the Officer concerned is completely exonerated and in case, he/she was under suspension, it is held that the suspension was wholly unjustified, sealed cover(s) will be opened and the findings of the Competent Authority in respect of his empanelment /promotion will be acted upon. The Officer concerned will be empanelled on the merit list at the place at which he/she would have been empanelled, but for the pending disciplinary case / criminal prosecution. The promotion, if issued, will be given effect to from the date it would have been otherwise effected, but for the disciplinary case/criminal prosecution. He/she will be given benefit of seniority and fixation of pay on a notional basis with reference to the date on which he/she would have been promoted in the normal course. Provided that, it will always be open to the General Manager (HR) / Executive Director, in case the Officer is completely exonerated, to decide the question whether the Officer concerned will be entitled to any arrears of pay for the period of notional promotion preceding the date of actual promotion, and if so, to what extent, by taking into consideration all the facts and circumstances of the disciplinary proceedings/ criminal prosecution. Where the Authority decides not to allow arrears of salary or any part of it, it will record its reasons for the same.

If any penalty is inflicted upon the Officer concerned as a result of disciplinary proceedings or if he/she is found guilty by the Court in the criminal prosecution, the findings in the Sealed Cover(s) would not be acted upon. He/she will not be eligible for empanelment on the merit list for promotion to higher Grade/Scale and he/she will be permitted to participate in the promotion process subject to operation of Clause 6.1(a)

(b)(ii) After the empanelment of an Officer for promotion in the merit list, if any of the circumstances mentioned from Sr. Nos. 1 to 3 at 6.1(b) (i) above arise, but before the Officer concerned is actually promoted, it will be considered as if his case had been placed in a Sealed Cover and accordingly procedure as applicable to Sealed Cover cases will be followed.

(b)(iii) After the findings are kept in a sealed cover(s), if there is subsequent promotion process(es), the Officer concerned will be eligible to participate in such promotion process(es) and findings as regards his suitability for empanelment / promotion will be kept in a sealed cover(s) and procedure as explained in para 6.1 (b) (i) above, will also be followed in respect of the subsequent sealed cover(s). On completion of disciplinary / court proceedings, if he/she is to be empanelled, he/she will be empanelled at the place which he/she would have otherwise got on the merit list of the promotion process in respect of which first sealed cover was prepared. He/she will, therefore, get preference for promotion over other Officers empanelled on the merit list(s) of subsequent promotion process (es).

(b)(iv) In case, the disciplinary case/criminal prosecution has not been concluded even after expiry of 2 years from the date of recording of findings in respect of Officer in whose case Sealed Cover is followed or from the date of taking decision of withholding the promotion in respect of an Officer whose name has been empanelled, but where promotion is withheld, the Committee of Executives at Central Office will review his case to consider his ad-hoc promotion, PROVIDED THE OFFICER IS NOT UNDER SUSPENSION. The Committee of Executives will review such cases taking into account the following aspects:

- (a) Whether the promotion of the Officer will be against public interest;
- (b) Whether the charges are grave enough to warrant continued denial of promotion;
- (c) Whether there is any likelihood of the case coming to a conclusion in the near future;
- (d) Whether the delay in the finalisation of proceedings, departmental or in a court of law, is not directly or indirectly, attributable to the Officer concerned; and
- (e) Whether there is any likelihood of misuse of official position which the Officer may occupy after ad-hoc promotion, which may adversely affect the conduct of the departmental case / criminal prosecution.

The Competent Authority should make its assessment on the basis of totality of the individual's record of service without taking into account the pending disciplinary case / criminal prosecution against him/her.

The promotion of an Officer on purely ad-hoc basis as above shall not confer on him/her any right for regular promotion. As such, ad-hoc promotion will always be with prospective date, i.e. the date on which the Committee of Executives has cleared his case for ad-hoc promotion. Promotion can be cancelled by the Management and the concerned Officer can be reverted to his earlier Grade/Scale from which he/she was promoted at any time.

If the concerned Officer is acquitted in the criminal prosecution on the merits of the case or is fully exonerated in the departmental proceedings, the ad-hoc promotion already made may be confirmed and the promotion be treated as a regular one from the date of ad-hoc promotion with all attendant benefits. In case the Officer would

have normally got his regular promotion from the date prior to the date of his ad-hoc promotion with reference to his placement in the D.P.C. proceedings kept in the Sealed Cover(s) and the actual date of promotion of the person ranked immediately junior to him/her by the same D.P.C., he/she would also be allowed his due seniority and benefit of notional promotion as envisaged in para 6.1 (b) (i) above.

In case of infliction of any penalty or when the Officer concerned is not acquitted in the criminal proceedings, the ad-hoc promotion will be brought to an end and the Officer concerned will be reverted to his previous Grade/Scale from which he/she was promoted on ad-hoc basis. He/she will not be eligible for empanelment on the merit list for promotion to higher Grade/ Scale and he/she will be permitted to participate in the promotion process subject to operation of Clause 6.1(a). In respect of Officer empanelled in the merit list, his/her name will also be struck off from the merit list.

If the Officer is not acquitted on merits in the criminal prosecution, but purely on technical grounds and the Government/Bank either proposes to take up the matter to higher Court/to proceed against him/her departmentally or if the Officer is not exonerated in the departmental proceedings, the ad-hoc promotion granted to him/her should be brought to an end.

(b)(v) Where acquittal by the Court is made on technical grounds, if the Government / Bank does not propose to go in for appeal to higher Court and the Bank also does not propose to take further disciplinary action, the case will be dealt with, in the same manner as spelt out in para 6.1 (b) (iv) above, as if the Officer has been acquitted by the Court on merit.

(b)(vi) The Committee of Executives referred in para 6.1 (b) above, shall be the Committee appointed by the Managing Director & CEO for this purpose from time to time. The Committee will consist of three Officers who will not be below the rank than that of an Officer categorised in Scale V.

(b)(vii) The Competent Authority referred in para 6.1 (b) shall be the Competent Authority as defined in 1.10 under head 'Interview Panels and Competent Authority for promotion to various scales'

(b)(viii) There shall be six-monthly review of Sealed Cover cases, covering inter-alia the following aspects, by the Managing Director & CEO;

- (1) Progress made in the disciplinary proceedings / criminal prosecution; and
- (2) Further measures to be taken to expedite their completion.

If as a result of the above, it is felt that there is no case for taking action against the officer concerned, the Sealed Cover may be opened, and he/she may be given his due promotion with reference to the position assigned by the D.P.C.

5.5 **Phase 4 – Final Performance Appraisal**

- 5.5.1 The final evaluation will be at 3 levels viz. Appraisee, Appraiser and Reviewer (except for cases where the evaluation will be done at 4 levels as specified in Clause 5.7 of this policy).
- 5.5.2 Final Performance Appraisal has three components: Performance KRAs, Discretionary KRAs and Non-Discretionary KRAs, as described under:

- i. **Performance KRAs (75 Marks)** – Refer to outcome-based KRAs having high degree of measurability, and which are directly linked to the day-to-day business tasks to be carried out by an officer. These KRAs are role-specific and would have been allotted through the Role Clarity exercise.

The KRAs allocated may be 'Measurable' (i.e., the scoring for which will be system-driven with source linkages for pulling data of KRA-wise target-wise and/or actual achievement/ inputting actual achievement in editable fields, subject to KRA type) or 'non-measurable' (i.e. KRAs for which data cannot be easily mapped and will be marked on a discretionary basis). The split of scoring between Measurable and Non-measurable shall vary across the roles and shall be made known to the officer at/before the time of role allocation.

- ii. **Behavrioural KRAs (25 Marks)** – Refers to behavioural dimensions aiming to capture teamwork, ownership, communications, development, and other related dimensions and component aimed to capture E-learning and compliance metrics.

5.5.3 The above-mentioned components shall be further bifurcated as given below:

KRA	Component	In case an officer is allotted with Job Family	In case an officer is not allotted with Job Family	For Executives in Scale VII & VIII
Performance	Measurable [#] System-linked Measurable KRAs Non-System-linked Measurable KRAs	75	75	75
	Non-Measurable			
Behavioral & Managerial KRAs	Measurable: E-learning	5	5	0
	Compliance	5	5	5
	Non-Measurable:			
	Input & effort metrics	3	7	8
	Behavioral competencies	3	3	7
	Job family grooming	4	0	0
	Promotion of Digitalization	5	5	5

#To inculcate a performance-oriented culture among the employees, business parameter performance of the unit over and above the individual performance is now adequately factored in the appraisals of employees. Along with the relevant weightage of Individual Performance KRA, unit performance KRA (Achievement of key business parameters of respective unit, i.e. Unit performance of ZO/RO/Branch & Bank's performance for Employees working in Central Office verticals) with sufficient weightage. Any exceptional performance/ achievement in business parameters also shall be rewarded with bonus marks subjected to higher limit defined for Performance KRAs. The business parameters for the above provisions, weightages and bonus marks shall be approved by CGM – HR based on the business priorities and strategies of the bank.

5.5.4 During the Annual Appraisal stage, the Appraiser will need to fill up the Self-Appraisal form and will do a self-evaluation (award marks from the max. marks with remarks) on the following components:

- Measurable Performance KRAs** – Measurable Performance KRAs can be of two types. *System-linked Measurable Performance KRAs & Non-System-linked Measurable Performance KRAs.*

Scores (including actual and target values) for the **System-linked Measurable Performance KRAs** will be auto-populated based on the scoring pattern as described in detail on Guidelines to Policy on Performance Management and Rewards & Recognition attached to this policy and the Appraiser shall not be able to make any change to the same. The Appraiser shall be able to provide his/her comments/ remarks against the same, if required.

For **Non-System-linked Measurable Performance KRAs** i.e. cases where the actual value is not auto-populated due to non-mapping to the Banks' source systems, the Appraisee shall be required to add / edit the actual value of achievement for the Year-to-Date period under consideration. Further, based on the actual values entered and the auto-populated target values, the scores shall be calculated by the system as per the pattern described in in Operational Guidelines attached to this policy.

- ii. **Non-Measurable Performance KRAs** – Appraisee shall be able to provide values against the Actual, Target and Scores column in the Self-Appraisal form along with his/her comments/ remarks, if required.

In the appraisal form, the scores will be extrapolated in the editable fields by adding 20% to the achievement of measurable performance KRAs. The values can then be edited as mentioned in the above para by the Appraisee (Refer Para 5.4.4.ii)

- iii. **Measurable Behavioral & Managerial KRAs(10 Marks)** – Scores (including actual and target values) for the KRAs will be system-generated and the Appraisee shall not be able to make any change to the same. The Appraisee shall, however, be able to provide his/her comments/ remarks against the same, if required.
- iv. **Non-Measurable Behavioral & Managerial KRAs (15 Marks)** - Appraisee shall be able to provide values against the Score column in the Self-Appraisal form along with providing his/her comments/ remarks, if required.

In the appraisal form, the scores will be extrapolated in the score column by adding 20% to the achievement of measurable performance KRAs. The values can then be edited as mentioned in the above para by the Appraisee with proper justifications.

- v. **Qualitative Inputs** – Appraisee shall also be required to provide specific qualitative inputs as mentioned below:
 - a. Highlights of performance during the year
 - b. Outstanding achievements during the year

Both the Appraisee and Appraiser are required to discuss the final performance appraisal vis-à-vis Targets & Actual Achievement, chalk out the desired proficiency levels expected for competencies and articulate & document goals & action plans for achievement of the same. The Appraisee & Appraiser would also discuss expected behaviors that are required for successful performance in the Appraisee's role.

In case of auto-submission of appraisal, marks will be awarded by the Appraiser at his/her sole discretion. The Appraisee shall be held accountable in such cases as per policy on staff accountability (Non-Credit Areas).
- 5.5.10 In cases of auto submission of appraisal from appraisee to appraiser level, the marks will be auto-populated as per the performance. However, for KRAs where scores are not system generated, 40% scores shall be provided against respective KRAs at the time of auto-submission with an option to the appraising authority to assess and award the scores as per the performance of the appraisee.
- 5.5.11 If the Appraiser does not appraise his/her reportee’s appraisal within the given timelines, the appraisal will be auto submitted to the reviewing authority (as per the submitted/auto-populated scores) after the end of timeline as mentioned above with an option to the reviewing authority to assess/review and award the scores as per the performance of the appraisee. The Appraiser shall be held accountable in such cases as per policy on staff accountability (Non-Credit Areas).
- 5.5.12 If the Reviewer does not review the submitted appraisal within the given timelines, the appraisal will be auto finalized (as per the submitted/auto-populated scores) after the end of timeline as mentioned above.

- ii. In case of giving preference for Job Families having sub Job Families the employee will have option to select only **ONE** sub Job Family within the main job family, and remaining preferences from other job families.
- iii. These preferences shall be given weightage in the calculation of assessment score for each officer against each job family.

Upon completion of 5 years in their respective job family, specialists shall be given the opportunity to gain overall banking exposure by giving them an option to work in general banking job families for a minimum of 1 or 2 assignments, preferably in the profile of Dy. Branch Head/ Dy. Regional Head initially and then as Branch/ Regional Head.

However, this shall be contingent upon the requirement of their services as specialists in their respective verticals.

2.3. Allotment of Job Families & Assessment Criteria

- 2.3.1. Scale I to IV:** Job Family allotment for officers in scales I to IV shall be done on the basis of scores generated against each employee for each job family, taking into account parameters as under:

Bank Extrinsic: These parameters are employee specific and constitute (a) qualifications/certifications and (b) employee preference;

2.3.2. Committee Inputs

Scale V & VI: Bank conducts Succession Planning process for Executives in scale V & VI. For this purpose, experience in the relevant function is important. 2.3.4. Shifting Weightage: As we go from scale I to scale VI, more impetus will be given to bank intrinsic criteria than bank extrinsic criteria as experience and performance become more important than qualification and employee preference. Weightages assigned to these criteria, therefore change from one scale to the other, to give effect to this rationale while calculating assessment scores. This is illustrated below:

Changing Weightage of Assessment Criteria with Scale						
		Scale I	Scale II	Scale III	Scale IV	Scale V & VI
Bank Extrinsic	Employee Preference	40%	30%	20%	20%	10%
	Qualifications & Trainings	30%	20%	20%	10%	10%
Bank Intrinsic	Relevant Experience	20%	30%	30%	40%	40%
	Employee Performance	10%	20%	30%	30%	20%
	Committee Inputs	0%	0%	0%	0%	20%

At such instances, the employees so selected by the respective vertical, shall be mapped to the job family corresponding to the said vertical. The role allocation of such employees shall change accordingly in the Role Clarity Tool.

2.4.6. Job Family Exceptions Resolution Module: A module has been created within the Role Clarity Tool on the Union EKAM portal, wherein job families of employees can be changed under exceptional circumstances as defined in 2.4.2, 2.4.3 and 2.4.4 above. Section D: Succession Planning

1. Introduction

- 1.1 Succession planning is a strategy for passing on leadership roles to identified prospects, who might be possible successors for key positions that fall vacant due to retirement or otherwise. It is essentially, planning for and executing smooth leadership transitions to ensure business continuity and disaster proof the organization.
- 1.2 Succession planning involves assessing job requirements in the organization and skills of potential successors; and filling the gaps between these through targeted training and development activities, to ensure that employees have the knowledge, skills and abilities necessary to succeed in future leadership roles.
- 1.3 A sound succession plan mitigates the risks associated with critical positions falling vacant, and ultimately strengthens brand identity. The Policy on Succession planning is therefore introduced to ensure that the Bank has a ready-to-go second line of leadership to take over critical positions when the need arises.

1.4. Succession Strategy: Benefits to the Organization

- 1.4.1. **Business Continuity:** One of the biggest challenges when a position falls vacant is the threat of disruption. By establishing a firm succession strategy roadmap that identifies leadership positions and the potential candidates who might eventually fill them, it can be ensured that these potential candidates are prepared in time to step into new roles with minimal adjustment, allowing the business to continue to operate smoothly. Establishing a robust leadership pipeline puts organizations on a strong footing to deal with changing circumstances and adjust to challenges in the short and long term.
- 1.4.2. **Identifies most qualified Future Leaders:** Succession planning can be an important way to identify employees who have the current skills – or the potential to develop skills – that can help them move up in an organization. A thorough look at the organization chart helps better understand potential vulnerabilities, to bring a sense of urgency to cross-train key employees in certain roles.
- 1.4.3. **Filling Competency Gaps:** A succession plan includes assessment of strengths and weaknesses within the organization. It forces organizations to consider what competencies are required for critical positions. There may be gaps between what employees need to know and what they currently know, known as competency gaps. These gaps may be based on the current needs to fill key positions when they fall vacant or may relate to the future needs of the business to determine what new competencies may be necessary. By tapping potential successors early, employees are given the time to acquire the skills and experience necessary to perform in senior positions, while ensuring that the organization does not break its stride in terms of productivity and performance.

Helps Plan for the Long Term: When succession is positioned as part of the overall growth plans, a path can be created for retiring employees to hand off their years of hard-earned knowledge and transition important working relationships before they leave. A succession plan can help an organization to grow with intent, as future vulnerabilities and areas for innovation are identified and plans build to address them.

2. Objective

Creating a mechanism for the steady flow of future leaders for the Bank, through continuous capability building initiatives, which shall also serve as an effective engagement and retention tool.

The succession planning process involves the five major stages viz., Identification of Key Positions, Identification of Potential Candidates, Competency Gap Analysis, Focused Development and Review & Adaptation which is represented in below figure:

4.1. Identify Key Positions for which succession management needs to be done.

4.1.1 This shall be an annual activity, to list the key positions (as identified in 3 above) falling vacant in the next 2 years, and the readiness to man them appropriately. In addition, Bank shall decide on the creation of any new positions in line with its business strategy for the next 3 to 5 years, so that suitable candidates can be identified and prepared for the role. This shall therefore include identification of new positions that are created due to business expansion, re-categorization of branches or formation of new business units / verticals.

4.2. Identify Potential Candidates

4.2.1. Potential future leaders shall be identified with insights available from the performance management system (PMS), as well as the training system, with considerations for residual service and willingness of the candidate.

4.2.2. The training system continues to capture data on psychometric assessment of officers, as part of the ongoing capability building initiatives and leadership development programmes for middle and senior management. This information coupled with the quantitative and qualitative performance assessment and potential captured by PMS shall help to identify high potential individuals for grooming and equipping with specialized skills to fulfil roles as identified above in 3.1.

4.2.3. Further, the succession planning tool developed as a part of EKAM will provide the “successor pool” for each critical role position based on assessment of all executives in Scale V to VII on 6 different parameters which are:

4.2.3.1 **Functional Suitability Score:** The Functional Suitability score is calculated on the basis of supervisor feedback. Each executive is marked with top three preferences for function by each supervisor mapped to him/her and scoring is based on the feedback of the supervisor for each marked function.

4.2.3.2 **PMS Score:** Previous year's PMS score shall be considered while assessing executives for succession planning.

4.2.3.3 **Feeder Role:** (Role in the same function at Scale – 1 level): Executives spending at least 1 Year in the function corresponding to the role at Scale -1 (e.g. for CGM role, scale – 1 i.e. GM role) levels shall be deemed to have completed feeder experience.

4.2.3.4 **Role History:** Individuals spending at least 1 Year in the function corresponding to the role at any level above Scale V will be deemed to have role experience.

4.2.3.5 **Behavioural Competency Match Score:** For each critical role, behavioural competency requirement will be identified as High, Medium or Low. Behavioural competency assessment score of the executives will be collected through competency test which includes psychometric test, cognitive ability test and case studies. Executive's competency scores shall be tallied up against the requirements of the role, giving the match score.

4.2.3.6 **Functional Competency Match Score:** Functional competency requirements for each critical role are well defined. Similar to behavioural competencies, individual's functional competency scores on the basis of supervisor feedback shall be tallied up against requirements of particular role. Based on rating given by supervisor, functional competency will be classified as High, Medium & Low.

4.2.3.7 The final Score across above parameters (4.2.3.1 to 4.2.3.6) with varied weightages are being used to arrive at **Succession Fitment Score** of executives in Scale V to VII.

4.2.3.8 The Succession Planning Tool will also provide the Succession Readiness (time required to be promoted to critical role) for all executives.

4.2.3.9 On the basis of the Succession Fitment & Succession Readiness, Eligible “Successor pool” will be generated for each identified critical role. This “Succession Pool” shall be presented to Talent Identification Committee (TIC) (pt. 4.2.5 below) for selection of high potential candidates.

4.2.4 **Leadership bench strength:** Three (3) potential candidates shall be identified for each of the identified key positions, to form the ‘talent pool’ for the purpose of succession planning.

4.2.5 **Talent Identification Committee (TIC):** TIC will be formed to select high potential candidates for the ‘talent pool’ based on the inputs as mentioned in 4.2.1, 4.2.2 & 4.2.3) above. The TIC shall map individual candidates to the key positions for which they have been identified and present the lists to the Succession Management Committee (pt. 5 below) by 31st October every year. A competency framework shall be developed, detailing the competencies required for each job role, scale-wise. Competencies shall include job family, qualification, aptitude, experience, skill, past performance, or any combination thereof.

4.4.2 In order to qualify for manning the posts of Regional Head, Zonal Head and Vertical Head, exposure at both branches and admin offices shall be a basic requirement. If a chosen candidate does not possess experience of any of these, she / he may be posted suitably during the Development stage (4.5) to gain this exposure.

4.5 Focused Development

This plan may include training at recognized institutes such as Centre for Advanced Financial Research and Learning (CAFRAL), Indian Institute of Management (IIM), Indian School of Business (ISB), Institute for Development and Research in Banking Technology (IDRBT), etc., to gain specialized knowledge as well as for harnessing soft skills as per the IDP.

4.5.2 Strategic Posting: In addition to the IDP, candidates may be given postings with greater scope for them to gain the exposure needed for their specific and all-round development, commensurate with their IDP.

4.6 Deployment: The Succession Management Committee shall take the decision on deployment in identified key positions (5.2.3 below) and recommendation for placement.

4.7 Review & Adapt post Deployment

This process does not end with deployment. After a high potential candidate has gone through the motions of this framework and has been posted at the identified key position, feedback must be gathered on her / his role adjustment and performance over time to further refine the process.

The final list shall be shared with the TIC for designing and finalization of the individual development plans. The TIC shall also recommend posting options commensurate with the IDPs during this stage.

5.2.2 Monitoring and Evaluation of the Succession Strategy

5.2.2.1 The SMC shall conduct a review of the succession plan annually and submit its report along with recommendations to the MD&CEO

Section I: Performance Management System (PMS)**1. Introduction:**

The role of Human Resource is vital for any organization's success. To achieve the success, it is imperative that the efforts and capabilities of each employee are aligned to the big picture, by encouraging 'performance mindset' in the institution.

The revamped appraisal system aims to bring in place a system-driven objective scoring methodology, tool driven role allocation for job clarity, multi-functional digital workflows for appraisal. The Performance of all officers will be evaluated on a periodic basis spread-out across the year, i.e., through quarterly and annual appraisal models; the quarterly performance appraisal consists of Performance KRAs for 75 Marks whereas the Annual appraisal consists of Performance and Behavioral & Managerial KRAs with a weightage of 75:25. Performance KRAs are outcome-based KRAs having high degree of measurability, and are role-specific. The Behavioral & Managerial KRAs covers e. Learning and compliance aspects with 10 Marks weightage and major dimensions like Input & Efforts metric, Behavioral competencies, Job family grooming, Job family grooming with 15 marks weightage.

The Performance of all officers will be evaluated on a periodic basis spread-out across the year. The following KRAs and phases form part of the entire performance management process:

- 1.1. **Performance KRAs** – Refer to outcome-based KRAs having high degree of measurability, and which are directly linked to the day-to-day business tasks to be carried out by an officer. These KRAs are largely role-specific and would have been allotted through the Role Clarity exercise.

The KRAs allocated may be 'Measurable' (i.e., the scoring for which will be system driven with source linkages for pulling data of KRA-wise target-wise and/or actual achievement/ inputting actual achievement in editable fields, subject to KRA type) or 'non-measurable' (i.e. KRAs for which data cannot be easily mapped and will be marked on a discretionary basis). The split of scoring between Measurable and Non measurable shall vary across the roles and shall be made known to the officer at/before the time of role allocation.

- 1.2. **Behavioural & Managerial KRAs**– This KRA comprises of the measurable component aimed to capture E-learning and compliance metrics and behavioural dimensions aiming to capture teamwork, ownership, communications, development, and other related dimensions.

2. Quarterly Performance Appraisal

2.1. The quarterly evaluation shall be at 2 levels viz. Appraisee and Appraiser for Quarter 1, Quarter 2 and Quarter 3 on a Year-to-Date basis. The Quarterly Performance Appraisal consists of the following:

KRA	Component	Marks
Performance KRA	Measurable (System-linked as well as non-System-linked)	75 [#]
	Non-measurable	
Behavioural & Managerial KRA		N/A

The weightage will be as per Point 3.3 below.

2.2. **Measurable Performance KRAs** – Measurable Performance KRAs can be of two types. System-linked Measurable Performance KRAs & Non-System-linked Measurable Performance KRAs.

2.3. Scores (including actual and target values) for the **System-linked Measurable Performance KRAs** will be auto-populated based on the scoring pattern as described in Clause 7 of this guidelines and the Appraisee shall not be able to make any change to the same. The Appraisee shall be able to provide his/her comments/ remarks against the same, if required.

2.4. **For Non-System-linked Measurable Performance KRAs** i.e. cases where the actual value is not auto-populated due to non-mapping to the Banks' source systems, the Appraisee shall be required to add / edit the actual value of achievement for the Year-to-Date period under consideration. Further, based on the actual values entered and the auto-populated target values, the scores shall be calculated.

2.5. **Non-Measurable Performance KRAs** – Appraisee shall be able to provide values against the Actual, Target and Scores column in the Self-Appraisal form along with providing his/her comments/ remarks, if required.

The suggestive scores will be auto extrapolated in the score columns by adding 20% to the Measurable Performance KRAs achievement. However, the appraisee as well as appraiser can edit the scores by providing justification.

E.g. If an Appraisee has scored 40/50 in the measurable performance KRAs, i.e. 80% and the weightage for non-measurable performance KRAs is 20; the score will be extrapolated as follows $\rightarrow 20 * 80\% = 16$. Addition of 20% to the base score $\rightarrow 16 + (16 * 20\%) = 16 + 3.2 = 19.2$. However, the total shall not exceed the maximum permissible weightage i.e. 20 in the above example.

2.6. **Qualitative Inputs** – Appraisee shall also be able to provide his/her response on specified qualitative questions for aiding a meaningful discussion with Appraising Authority.

2.7. Both the Appraisee and Appraiser are required to discuss the quarterly performance appraisal and chalk out the areas of development (including expected behavioural standards) to ensure performance success of the Appraisee.

2.8. Insight on the individual's performance shall be made available in the Appraisal Module which can be used by the appraisee and appraiser for the corrective action and developmental needs.

3. Annual Performance Appraisal

3.1. The Quarter 4 evaluation shall not be done separately and in place of the same, the Appraisee will be required to complete the Annual Performance Appraisal at the end of the year.

The Annual Performance Appraisal consists of the following:

KRA	Component	Marks
Performance KRA	Measurable (System-linked as well as non-System-linked)	75 [#]
	Non-measurable	
Behavioural & Managerial KRA	e. Learning & Compliance	10
	Managerial Dimensions	15

The weightage will be as per Point 3.3 below.

3.2. The annual performance appraisal has two components: Performance KRAs (as explained in Quarterly Appraisal), Behavioural & Managerial KRA (This KRA comprises of behavioural dimensions aiming to capture teamwork, ownership, communications, development, and components aimed to capture E-learning and compliance metrics.)

3.3. To inculcate a performance-oriented culture among the employees, business parameter performance of the unit over and above the individual performance is now adequately factored in the appraisals of employees. Along with the relevant weightage of Individual Performance KRA, unit performance KRA (Achievement of key business parameters of respective unit, i.e. Unit performance of ZO/RO/Branch & Bank's performance for Employees working in Central Office verticals) with sufficient weightage.

3.4. Any exceptional performance/ achievement in business parameters also shall be rewarded with bonus marks subjected to higher limit defined for Performance KRAs. The business parameters for the above provisions, weightages and bonus marks shall be approved by CGM – HR based on the business priorities and strategies of the bank.

4. Raise Exception facility in case disagreement with auto populated targets

4.1. The appraisee has the option to “raise exception” in case of disagreement with the auto-populated Targets or Actual Achievement figures for some limited KRAs especially related to TAT etc. The disagreement if any shall be raised within 7 days from the start of appraisal process for the respective quarter. This “raise exception” facility shall not be available for KRAs where the data is auto populated from various data sources like Finacle, MIS, LAS, Power BI etc. and can be represented through grievance redressal tool.

4.2. The exception so raised shall be approved by their respective Approvers before being submitted to Validator for final decision. The Validator shall verify and confirm the issues raised in an exception by the Appraisee. For Officers in Scale VII & VIII, the respective Appraiser will analyse and finalize the Exception and also act as a validator in case of any disagreement.

4.3. Flowchart for 'Raise Exception' utility

4.4. The details of Approver and Validators (up to Scale VI) has been provided below:

5. In case of Non-Submission of appraisal as per the timelines

5.1. The performance appraisal exercise is a time bound exercise which involves the involvement at various levels. The role of appraiser/reviewer is to oversee and accomplish that the said evaluation is completed as per the timelines in a fair and transparent manner.

5.2. Timelines at all levels (Appraisee, Appraiser and Reviewer) must be strictly adhered to for the entire performance cycle so that Performance gets evaluated and reviewed within the prescribed timelines.

5.3. The appraisee/appraiser/reviewer shall complete the appraisal well before the timelines as the appraisals completed at all levels within the timelines shall only be eligible for Rewards & Recognition as per the policy guidelines.

5.4. If the Appraisee does not submit his/her annual appraisal within the given timelines, the appraisal will be auto submitted to the level of the Appraising Authority after the end of timeline as mentioned above. In case of auto-submission of appraisal, marks will be awarded by the Appraiser at his/her sole discretion. The Appraisee shall be held accountable in such cases as per policy on staff accountability (Non Credit Areas).

5.5. In cases of auto submission of appraisal from appraisee to appraiser level, the marks will be auto-populated as per the performance. However, for KRAs where scores are not system generated, 40% scores shall be provided against respective KRAs at the time of auto-submission with an option to the appraising authority to assess and award the scores as per the performance of the appraisee.

5.6. If the Appraiser does not appraise his/her reportee's appraisal within the given timelines, the appraisal will be auto submitted to the reviewing authority (as per the submitted/auto-populated scores) after the end of timeline as mentioned above with an option to the reviewing authority to assess/review and award the scores as per the performance of the appraisee. The Appraiser shall be held accountable in such cases as per policy on staff accountability (Non-Credit Areas).

5.7. If the Reviewer does not review the submitted appraisal within the given timelines, the appraisal will be auto finalized (as per the submitted/auto-populated scores) after the end of timeline as mentioned above.

5.8. If the timelines are not complied, there shall be no roll-back of appraisal form, except in exceptional circumstances brought to the notice of the Central Office HR team by the Appraisee/ Appraiser/ Reviewer.

6. Illustration for Appraisal Submission in case of multiple roles/branches

6.1. An officer will be eligible for Quarterly Performance Appraisal only if he/she has worked for minimum 30 days during the relevant quarter in a particular role. The employee will be eligible to fill separate quarterly performance appraisal for all roles wherein he/she has worked for minimum 30 days during the quarter. Additionally, final performance score shall be generated only in case the employee has served at least 90 days across all roles combined during the year.

Example – In FY 2024-25, an officer gets posted as mentioned below:

Sr No.	Posting period	Branch	No. of Days	Supervisor
1	01.04.2024 to 10.05.2024	Branch A	40	BH - A
2	11.05.2024 to 07.07.2024	Branch B	58	BH - B
3	08.07.2024 to 31.03.2025	Branch C	267	BH - C

6.2. In the above example, the Appraising Authority for each quarter will be as follows:

- Appraiser for Q1 –

Role 1 at Branch A: BH A

Role 2 at Branch B: BH B

- Appraiser for Q2 –

Role 2 at Branch B: Not Applicable since 30 days not worked in Q2

Role 3 at Branch C: BH C

- Appraiser for Q3 –

Role 3 at Branch C: BH C

- Appraiser for Annual –

Role 3 at Branch C: BH C

7. Scoring Patterns for Measurable Performance KRAs

7.1. To ensure more relative scoring and to ensure objective evaluation, the KRAs have been segregated across 10 scoring categories. The scoring pattern is applicable only in case of Measurable Performance KRAs.

7.2. There are four key aspects to be considered while calculating the scores for Measurable Performance KRAs:

Actual: The work done by the appraisee for each KRA

Targets: The expected outcome to be achieved for each KRA

Weights: The maximum number of marks/ scores allotted to any KRA

Minimum Performance Benchmark (MPB): The minimum expected standard to be achieved and maintained for any particular KRA. Unless specifically mentioned, the MPB shall be 0 for all KRAs. E.g., The minimum average number of products per customer shall be 2 – hence, employees will be scored for increase in actuals made over and above 2

7.3. Each KRA has been mapped to one of the 10 Scoring Categories. Details of each Scoring Categories are included in **Annexure II**.

7.4. Each of the 10 KRA scoring categories can be clubbed and the scores for each can be calculated based on three primary methods:

Linear: Actual / Target * Weight = Score; the higher the actual value, the higher the score.
E.g., Increase in INR amount of advances -

Actual	Target	Weight	Score
0 Crores	40 Crores	8.0	0.0
10 Crores	40 Crores	8.0	2.0
20 Crores	40 Crores	8.0	4.0
40 Crores	40 Crores	8.0	8.0
50 Crores	40 Crores	8.0	8.0

Calculation:

- a. 00 Crores / 40 Crores * 8.0 = 0.0
- b. 10 Crores / 40 Crores * 8.0 = 2.0
- c. 20 Crores / 40 Crores * 8.0 = 4.0
- d. 40 Crores / 40 Crores * 8.0 = 8.0
- e. 50 Crores / 40 Crores * 8.0 = 8.0

Non-Linear: The lower the actual value, the higher the score.

- If Actual is less than or equal to Target, then 100% score
- If Actual is 100% - 150% of Target, then 50% score
- If Actual is 150% - 200% of Target, then 25% score
- Otherwise 0% score

E.g., INR amount of Fresh Slippage in portfolio -

Actual	Target	Weight	Score
20 Lac	40 Lac	8.0	8.0
40 Lac	40 Lac	8.0	8.0
50 Lac	40 Lac	8.0	4.0
70 Lac	40 Lac	8.0	2.0
90 Lac	40 Lac	8.0	0.0

Calculation:

- a. 20 Lac / 40 Lac $\geq$ 100% * 8.0 = 8.0 (Actual < Target)
- b. 40 Lac / 40 Lac $\geq$ 100% * 8.0 = 8.0 (Actual = Target)
- c. 50 Lac / 40 Lac $\geq$ 50% * 8.0 = 4.0 (Actual is 125% Target)
- d. 70 Lac / 40 Lac $\geq$ 25% * 8.0 = 2.0 (Actual is 175% Target)
- e. 90 Lac / 40 Lac $\geq$ 0% * 8.0 = 0.0 (Actual is 225% Target)

7.5. Audit KRAs: Given the nature of audit reporting and the related scores, the scoring criteria have been described in **Appendix-1** for Categories 7 to 10.

7.6. For Non-Measurable KRAs, the Appraiser, Appraiser and Reviewer shall provide marks out of the max. marks based on an assessment of the performance and desired attributes displayed by the Appraiser during the performance cycle.

7.7. In case the officer has more than one appraisal during any assessment period, the score shall be calculated on pro rata basis.

7.8. For measurable KRAs, marks will be auto populated, and the Appraiser shall provide comments

for it. In case of deviation from the marking of appraisee, appraiser should discuss the same with appraisee and provide appropriate justification on the same.

- 7.9. Giving feedback to employees is an integral part of the Performance Management. Honest feedback will help employees to understand their strengths/shortcomings and inspire them to work upon their self-development
- 7.10. To bring in transparency and objectivity in the PMS, self-rating and feedback mechanism between the appraisee and the appraiser is available in Performance Appraisal. The performance appraisal report and the final score will be made known to the appraisee.

8. General Guidelines

- 8.1. Before filling the appraisal, the appraisee shall check the details of the Role(s) and KRA(s) allocated and appraisal generated.
- 8.2. The appraisee can verify the targets through the “View Target” functionality available in the appraisal page/landing page before submission of the appraisal in EKAM tool.
- 8.3. In order to address the cases of target revision/modifications on a later stage the recommendations by Zonal Head/Regional Head shall be send to the competent authority which shall be considered based on merit of the case.
- 8.4. No column should be left blank in the appraisal.
- 8.5. For select list of Measurable Performance KRAs, the Appraiser and Review need to mention the actual achievement of the Appraisee and give remarks. The Performance Score will be system-calculated based on the Actual value filled in and the Target values fetched from the system.
- 8.6. For Non-measurable KRAs, the Appraiser and Reviewer need to award the marks from the Max. Marks and give remarks. The Appraisee will be awarded overall marks based on the final marks on Measurable and Non-measurable Performance as well as Behavioural & Managerial KRAs.
- 8.7. At the Annual Performance Appraisal stage, the Appraiser shall appraise the incumbent on Performance KRAs, Behavioural & Managerial KRAs, provide feedback on each area of performance and development and determine the overall score.
- 8.8. At the Annual Performance Appraisal stage, the Appraiser will also discuss the current state or reality of achievement of targets, opportunities to develop and when and what to do to ensure optimum performance.
- 8.9. The Appraising / Reviewing Authority should comment on the Ethics/ Integrity of the Appraisee.
- 8.10. Any upgrading / downgrading of marks by the Appellate Authority should be substantiated with reasons.

9. Cohort-Based Grading in PMS

- 9.1. A cohort is a homogenous group of individuals performing similar functions, for the purpose of providing grades and each employee shall be mapped to a cohort. The cohort shall be formed based on consideration of unit type, business size, location, focus area, scale and/or any other relevant business parameters.

9.2. Cohort has been designed based on various activities with different measurability. To make the evaluation process uniform, the average of top 5% employee having highest score in each cohort will be benchmarked as top performance with 100 percentile score and accordingly relative performance of other employees shall be derived based on the benchmark score in the same cohort.

9.3. The relative score so derived shall be treated as the final APAR score and the employee shall be rated accordingly.

Sr. No	Rating	Relative Score Range
1	Outstanding	≥ 90 to 100
2	Very Good	≥ 80 to < 90
3	Good	≥ 75 to < 80
4	Fair	≥ 60 to < 75
5	Average	< 60
6	Below Average	Falls under Bottom 1% performers and scored less than 40

9.4. Illustration: Suppose there are 100 employees in cohort, the average score of top 5% employee is 65.6

Employee No.	Actual Score	Relative Score *	Rating
Employee 1 (Max score)	80	100	Outstanding
Employee 2	72	100	Outstanding
Employee 3	68	100	Outstanding
Employee 4	60	91.46	Outstanding
Employee 5	48	73.17	Fair

*Relative Score = (Actual score x 100)/Average score of the top 5% employee in the same Cohort

The relative score of the employee is to be final score and considered for the all official purpose including eligibility for promotion process.

10. Guidelines for completing appraisals during various leaves, deputation to external organization and other exceptional scenarios:

10.1. Specific Cases like officers under suspension / long leave etc.: Appraisals lying with the officer under suspension/long leave, shall be transferred to next higher authority or the person who is appropriately placed to appraise these officers.

10.2. Absence of officer from duty for part of the year: There may be cases of officers who are not in active service in the Bank for part of the year due to long unauthorized leave/ sabbatical leave, or suspension /termination from duty and subsequent joining / re-instatement in the services etc., due to which the period of appraisal of such officer is only for part of the financial year. In such cases the quarterly appraisal will be done basis of their active service for the period worked.

For Example: An officer going for sabbatical leave/under suspension for a particular quarter(s) but worked more than 90 days. The performance score for Annual appraisal to be arrived by extrapolating the available scores of the quarters wherein the appraisee worked during the financial year. The option for filling Behavioural & Managerial KRAs details, developmental inputs and career aspirations shall be made available to the appraisee during the

In case the officer is not in active service for the specified periods on account of unauthorized leaves, the officer shall be deemed to be 'inactive' and the Quarterly Performance Appraisal/ the Annual Performance Appraisal for that period during which he/she is said to be inactive shall not be undertaken.

10.3. Absence of officers from duty due to Maternity

For the officers who are on maternity leave for two quarters in a given financial year, the average performance score of last three years APAR shall be considered as final score for the officer. No separate appraisals need to be filled by such officers during the said financial year.

For the officers who are on maternity leave for less than two quarters, i.e. in case an officer for whom the appraisal scores are available for three quarters, the said scores of relevant quarters to be extrapolated and annual appraisal shall be generated with the arrived score with option for filling the Behavioural & Managerial KRAs, developmental inputs and career aspirations.

10.4. Appraisals of officers deputed outside the Bank

An officer deputed outside the bank during the entire review period of appraisals, need to submit the appraisal score from the deputed organization. The final score awarded in the APAR of the deputed institution to be reckoned as Final Score in the appraisal module of EKAM for the concerned year. An officer deputed outside the bank partly during the review period of appraisals. The final score awarded in the APAR of the deputed institution to be reckoned as Final Score in case the deputation period is more than nine months. The normalized score from the appraisal score of our bank and appraisal score from the deputed organisation with respective weightage based on the period worked shall be considered in other cases.

- 10.5.** Appraisals of Officers promoted from Clerical cadre For an Officer promoted to JMGS I, from Clerical cadre but worked for more than 90 days, the score arrived from available quarters with the respective weightage and the same to be extrapolated and annual appraisal shall be generated with the arrived score with option for filling the Behavioural & Managerial KRAs, developmental inputs and career aspirations. However, if an Officer promoted to JMGS I, from Clerical cadre, worked for more than 90 days, but reverted to Clerical cadre within the timelines of reversion subsequently, no appraisal needs to be filled.

- 10.6.** Demitting of office by the Appraising/Reviewing Authorities In case the Appraising / Reviewing / Accepting authorities demit their office, the Appraisal will be done by the next official in that role or by an officer who is more appropriately placed to appraise him/her.

Also, these employees must preferably complete 2 years of rural service, within these 5 years. However, no job family preference options shall be sought from them till they complete 5 years of service.
- iv. **Allotment Before completion of 5 years of service:** Though the employees will get an option to give their preferences for job family selection after completion of 5 years in the services of the Bank, however in some cases, top-performers with well-defined skill sets which are beneficial for the Bank, may be selected for specific job families, even before completion of 5 years of service. The Competent Authority for such decisions shall be CGM-HR, with the recommendations of the FGMs / Vertical Heads being mandatory.

2.2.2. Seeking Job Family preference from Eligible Officers

- i. Eligible officers shall be asked to indicate their ***top three preferences*** from among the 9 job families.
- ii. In case of giving preference for Job Families having sub Job Families the employee will have option to select only **ONE** sub Job Family within the main job family, and remaining preferences from other job families.
- iii. These preferences shall be given weightage in the calculation of assessment score for each officer against each job family.
- iv. **Specialist officers** such as IT, HR, Marketing, etc. shall be mapped to job families pertaining to their respective verticals itself and no separate options shall be sought from them. Upon completion of 5 years in their respective job family, specialists shall be given the opportunity to gain overall banking exposure by giving them an option to work in general banking job families for a minimum of 1 or 2 assignments, preferably in the profile of Dy. Branch Head / Dy. Regional Head initially and then as Branch/ Regional Head. However, this shall be contingent upon the requirement of their services as specialists in their respective verticals.

2.3. Allotment of Job Families & Assessment Criteria

- 2.3.1. **Scale I to IV:** Job Family allotment for officers in scales I to IV shall be done on the basis of scores generated against each employee for each job family, taking into account ***parameters*** as under:

2.3.4. Shifting Weightage: As we go from scale I to scale VI, more impetus will be given to bank intrinsic criteria than bank extrinsic criteria as experience and performance become more important than qualification and employee preference. Weightages assigned to these criteria, therefore change from one scale to the other, to give effect to this rationale while calculating assessment scores. This is illustrated below:

Changing Weightage of Assessment Criteria with Scale						
		Scale I	Scale II	Scale III	Scale IV	Scale V & VI
Bank Extrinsic	Employee Preference	40%	30%	20%	20%	10%
	Qualifications & Trainings	30%	20%	20%	10%	10%

	Employee Performance	10%	20%	30%	30%	20%

It is essentially, planning for and executing smooth leadership transitions to ensure business continuity and disaster-proof the organization.
- 1.2. Succession Planning involves assessing job requirements in the organization and skills of potential successors; and filling the gaps between these through targeted training and development activities, to ensure that employees have the knowledge, skills and abilities necessary to succeed in future leadership roles.
- 1.3. A sound Succession Plan mitigates the risks associated with critical positions falling vacant, and ultimately strengthen brand identity. The Policy on Succession planning is therefore introduced to ensure that the Bank has a ready-to-go second line of leadership to take over critical positions when the need arises.

1.4 Succession Strategy: Benefits to the Organization

- 1.4.1. **Business Continuity:** One of the biggest challenges when a position falls vacant is the threat of disruption. By establishing a firm succession strategy roadmap that identifies leadership positions and the potential candidates who might eventually fill them, it can be ensured that these potential candidates are prepared in time to step into new roles with minimal adjustment, allowing the business to continue to operate smoothly. Establishing a robust leadership pipeline puts organizations on a strong footing to deal with changing circumstances and adjust to challenges in the short and long term.
- 1.4.2. **Identifies most qualified Future Leaders:** Succession planning can be an important way to identify employees who have the current skills – or the potential to develop skills- that can help them move up in an organization. A thorough look at the organization chart helps better understand potential vulnerabilities, to bring a sense of urgency to cross-train key employees in certain roles.
- 1.4.3. **Filling Competency Gaps:** A succession plan includes assessment of strengths and weaknesses within the organization. It forces organizations to consider what competencies are required for critical positions. There may be gaps between what employees need to know and what they currently know, known as competency gaps. These gaps may be based on the current needs to fill key positions when they fall vacant or may relate to the future needs of the business to determine what new competencies may be necessary. By tapping potential successors early, employees are given the time to acquire the skills and experience necessary to perform in senior positions, while ensuring that the organization does not break its stride in terms of productivity and performance.
- 1.4.4. **Helps Plan for the Long Term:** When succession is positioned as part of the overall growth plans, a path can be created for retiring employees to hand off their years of hard-earned knowledge and transition important working relationships before they leave. A succession plan can help an organization to grow with intent, as future vulnerabilities and areas for innovation are identified and plans build to address them.

- 4.1.1. This shall be an annual activity, to list the key positions (as identified in 3 above) falling vacant in the next 2 years, and the readiness to man them appropriately. In addition, Bank shall decide on the creation of any new positions in line with its business strategy for the next 3 to 5 years, so that suitable candidates can be identified and prepared for the role. This shall therefore include identification of new positions that are created due to business expansion, re-categorization of branches or formation of new business units / verticals.

4.2. Identify Potential Candidates

- 4.2.1. Potential future leaders shall be identified with insights available from the performance management system (PMS), as well as the training system, with considerations for residual service and willingness of the candidate.
- 4.2.2. The training system continues to capture data on psychometric assessment of officers, as part of the ongoing capability building initiatives and leadership development programmes for middle and senior management. This information, coupled with the quantitative and qualitative performance assessment and potential captured by PMS shall help to identify high potential individuals for grooming and equipping with specialized skills to fulfil roles as identified above in 3.1.
- 4.2.3. Further, the succession planning tool developed as a part of Union Prerna project will provide the “successor pool” for each critical role position based on assessment of all executives in Scale V to VII on 6 different parameters which are:
- 4.2.3.1 **Functional Suitability Score:** The Functional Suitability score is calculated on the basis of supervisor feedback. Each executive is marked with top three preferences for function by each supervisor mapped to him/her and scoring is based on the feedback of the supervisor for each marked functions.
- 4.2.3.2 **PMS Score:** Previous year's PMS score shall be considered while assessing executives for succession planning.
- 4.2.3.3 **Feeder Role:** (Role in the same function at Scale – 1 level): Executives spending at least 1 Year in the function corresponding to the role at Scale -1 (e.g., for CGM role, scale – 1 i.e. GM role) levels shall be deemed to have completed feeder experience.
- 4.2.3.4 **Role History:** Individuals spending at least 1 Year in the function corresponding to the role at any level above Scale V were deemed to have role experience.
- 4.2.3.5 **Behavioural Competency Match Score:** For each critical role, behavioural competency requirement will be identified as High, Medium or Low. Behavioural competency assessment score of the executives will be collected through competency test which includes psychometric test, cognitive ability test and case studies. Executive's competency scores shall be tallied up against the requirements of the role, giving the match score.
- 4.2.3.6 **Functional Competency Match Score:** Functional competency requirements for each critical role are well defined. Similar to behavioral competencies, individual's functional competency scores on the basis of supervisor feedback shall be tallied up against requirements of particular role. Based on rating given by supervisor, functional competency will be classified as High, Medium & Low.
- 4.2.3.7 The final Score across above parameters (4.2.3.1 to 4.2.3.6) with varied weightages are being used to arrive at **Succession Fitment Score** of executives in Scale V to VII.

4.2.3.8 The Succession Planning Tool will also provide the **Succession Readiness** (time required to be promoted to critical role) for all executives.

4.2.3.9 On the basis of the Succession Fitment & Succession Readiness, Eligible “Successor pool” will be generated for each identified critical role. This “Succession Pool” shall be presented to Talent Identification Committee (TIC) (pt. 4.2.5 below) for selection of high potential candidates.

Note:

1. The promotee officer after fitment as above will draw his next increment in the Officers' Scale on the anniversary date of his last increment in clerical cadre and thereafter he will draw his further increments every year on the same date. However, in view of the clubbing of stages in the fitment table, the employee in the lower clubbed stage of clerical scale of pay will get his next increment after promotion on the anniversary date of promotion.

2. Those who were drawing a basic pay between the 1st and 9th stage in the clerical scale given in the above table, will be fitted at the minimum of the Officers' Scale and will draw their next increment on the anniversary date of promotion

3. (a) Those who have completed more than one year at basic pay of Rs.31540, Rs 32850, Rs 34160, Rs 35470 and Rs 36780 will draw their next increment on the anniversary date of their last increment in the clerical cadre immediately following the date of promotion and will draw their subsequent annual increment on the same date.

Those who have completed less than one year at basic pay of Rs 31540, Rs 32850; Rs 34160, Rs 35470 and Rs 36780 will draw their next increment after fitment, on the anniversary date of promotion and thereafter draw their annual increments every year on the same date.

5. If the promotee officer has Passed JAIIB or CAIIB at the time of his promotion, notional basic pay will be arrived at after reducing the increments earned for-passing JAIIB/CAIIB, from the clerical basic pay. He shall then be fitted in the Officers' Scale in accordance with the above table and appropriate one or two increments in the Officers' Scale shall be added with basic pay so fixed. The date of increment will be determined as per (1) above, if after reduction of increments in the clerical scale, the basic pay falls in the lower clubbed stage. This

adjustment, however, will not be made where the number of increments to be reduced is higher than the number of increments to be granted.

6. If despite the fitment as given above, the emoluments (basic pay and dearness allowance) drawn as an officer, on promotion are less than the emoluments (basic pay and stagnation increment, if any, functional special pay on permanent basis and dearness allowance) drawn as a clerk, the difference may be protected by way of Temporary Personal Allowance to be wiped off, in three years, at the rate of 1/3 Temporary Personal Allowance. This allowance will not rank for dearness allowance and superannuation benefits.

7. If an employee has passed CAIIB after reaching the 20th stage of the clerical cadre and promoted to Officers' scale subsequently; he/she shall be granted one increment- for passing CAIIB Part-I/JAIIB and another increment for passing CAIIB Part-II after fitment in Officers' scale as per his/her clerical stage of pay before promotion.

b) Fitment of pay on promotion to officers and Award Staff:
[SC 6508 dated 19.12.2016]

Presently, fitment of pay on promotion to Officers and Award Staff members is calculated manually and released by respective Regional Offices. Time and again, it has been reported that there is delay in releasing new fitment. In some of the cases, discrepancy in fitment has also been reported. In order to maintain uniformity and to avoid delay, Central Office has developed application in Union Parivar for calculation of fitment on promotion in case of officers and Award Staff based on the existing fitment guidelines issued by Bank from time to time.

Accordingly, a new set up has been made in Union Parivar for release of fitment to Officers and Award Staff on promotion up to Scale VI. In view of the new setup in place, it has been decided to discontinue the existing practice of calculation of fitment manually.

On the release of Promotion lists by HR Department Central Office, all Regional Offices will be required to send the list of promotes along with Scale wise confirmation to Union Suvidha on the points mentioned below within 3 days of release of the list so as to enable Union Suvidha to start the process of fitment at their level. The confirmation is to be sent on the format (**Annexure-IOF SC 6508 DT 19.12.2016**).

- Educational and Professional Qualification, especially JAIIB/CAIIB and PQP details have been updated in Union Parivar.
- All Pending/old increments have been released.
- Month of Increment prior to promotion has been correctly mentioned in Union Parivar.
- Old punishment if any and wherever the period of punishment is over the required effect has been given in Union Parivar.

In case of any discrepancy, the same must be rectified by Office before giving confirmation.

It has been decided that for the initial six months, the report generated by Union Parivar help desk having details like Employee No, Name, RO, CAIIB status, Basic Pay/FPP/PQP drawn prior and after the new fitment will be shared with respective Regional Offices by Union Suvidha for verification. HR Department in Regional Offices will do the fitment manually on parallel basis and match it with the fitment given by the Union Suvidha. They should confirm the correctness or otherwise of the same to Union Suvidha within 7 days of receipt thereof. During verification, HR department has to verify the following:

- Employee has been fitted at the correct step of Basic Pay in new scale.
- In case employee is having educational/professional qualification as JAIIB/CAIIB, the same has been taken care of while fixing him in new scale of pay and release of PQP I or II, if any, as per the extant guidelines of the bank for pay fitment on promotion.
- Month of increment has been correctly worked out for release of next increment in the new scale.
- While verifying the above, HR officers will once again ensure that there is no change in the confirmation given by them earlier to Union Suvidha with regard to the following:
 - Educational and Professional Qualification, especially with regard to JAIIB/CAIIB and PQP details were accurately captured in Union Parivar.
 - All regular/pending/stagnation increment, if any, which had become due prior to promotion of officer, were released prior to carrying out fitment exercise.

- Month of Increment prior to promotion was correctly mentioned in Union Parivar.
- Effect of any old punishment and wherever the period of punishment is over, has been duly affected, prior to doing the fitment in new scale.

Procedure for Promotion under Sealed Cover

The following category of full-time Subordinate staff will be permitted to take part in the promotion process, but the findings of the Competent Authority as regards empanelment I promotion will be kept in sealed cover to be opened after conclusion of the disciplinary case I criminal prosecution:-

1. Those who are under suspension
2. Those against whom a charge sheet has been issued and disciplinary Proceedings are pending
3. Those against whom prosecution for a criminal charge is pending
4. Those who have appealed against the punishment imposed by the Disciplinary Authority within the prescribed time limit, however, the order of the Appellate Authority is awaited.

The Competent Authority shall assess suitability of the employee coming within the purview of the circumstances mentioned above, along with other eligible candidates without taking into account the disciplinary case / criminal prosecution pending against him.

If on the conclusion of the disciplinary case / criminal prosecution, the employee concerned is completely exonerated and in case, he was under suspension, it is held that the suspension was wholly unjustified, sealed cover will be opened and the findings of the Competent Authority in respect of his empanelment / promotion will be acted upon. The employee concerned will be empanelled on the merit list at the place at which he would have been empanelled but for the pending disciplinary case / criminal prosecution.

The promotion if issued will be given effect from the date it would have been otherwise affected but for the disciplinary case / criminal prosecution. He will be given benefit of seniority and fixation of pay on a notional basis with reference to the date on which he would have been promoted in the normal course. Provided that it will always be open to the Competent Authority in case the employee is completely exonerated to decide the question whether the employee concerned will be entitled to any arrears of pay for the period of notional promotion preceding the date of actual promotion, and if so, to what extent, by taking into consideration all the facts and circumstances of the disciplinary proceedings / criminal prosecution. Where the Authority decides not to allow arrears of salary or any part of it, it will record its reasons for the same. Such appointments

will be set off against future vacancies.

However, if on conclusion of the disciplinary case / criminal prosecution, the employee concerned is punished with penalty of Censure and in case he was under suspension and, it is held that the suspension was wholly unjustified, the sealed cover will be opened and the findings contained therein in respect of his promotion will be acted upon. The employee concerned will be empaneled on the merit list at the place, which he would have been empaneled but for the pending disciplinary case I criminal prosecution. The promotion, if issued will be given effect to, from the date it would have been otherwise affected but for the disciplinary case I criminal prosecution. He will also be given benefit of seniority and fixation of pay on notional basis with reference to the date on which he would have been promoted in the normal course. However, no arrears of pay will be allowed in respect of the period prior to the date of actual promotion. Such appointments will be set off against future vacancies.

In case however, at the conclusion of the criminal prosecution or disciplinary proceedings (after the lapse of the period of appeal, if any) he is found guilty, the findings of the sealed cover would not be acted upon. Furthermore, he will not be entitled for empanelment on the merit list for promotion to Clerical Cadre and he will be barred for future participation in the promotion process or for promotion for a period of two years from the date of infliction of the said penalty I Court's verdict. If, however, the punishment imposed on the employee is totally set aside and he is exonerated by the Appellate Authority, his case will be dealt with as if he has not been inflicted with any punishment in the initial stage itself.

Under the provisions of SC 6024 dated 22.10.2013:

The Subordinate Staff who are presently under bar of 2 years on account of Clause 4.4, 6.1 & 6.2 of the existing Promotion Policy and who have completed one year of bar period as on cut-off date of Promotion Process to be held this year i.e., year 2013-14 will be allowed to participate in the said Promotion Process, if they are otherwise eligible. Similarly, amendment to Clause 4.15 as mentioned hereinabove will be effective / applicable with immediate effect and by virtue of the same, no bar will be applied as per old provisions on employees who appeared in earlier Promotion Processes under merit channel and were found not successful in 3 consecutive Promotion Processes.

Further, due to change/ amendment in the percentage of recruitment to that of Promotion for filling up the identified vacancies in Clerical Cadre from existing level of 80:20 to that of 75:25, Government guidelines in respect of reservation of SC/ST Employees will be applicable and accordingly requisite provision as mentioned below will be added in promotion policy as Clause 4.22 of Chapter IV: -

A. For posting employees (SWO-A) in new branches opened in New Stations: Since the new branches to be opened will be requiring Staff to be posted within a certain timeline and it is also a fact that hitherto whenever new branches were opened, posting of employees in new branches was done from amongst the employees of the State by giving them option; as such, both the parties decide as under:

- 1) For posting the employees (SWO-A) in New Branches in New Stations, first preference will be given to those employees posted in the same State/Zone (as the case may be) whose names are standing in the Transfer Dairy for the option of District of that State/Zone under which the new branch in new station is being opened, provided the employee is not already posted within the same District. Posting will be done according to the Transfer Diary (considering the District option). The concerned Zonal Office will issue orders.
- 2) Already diarized transfer request of employees posted/working in another State/Zone (other than the one in which new station is being opened) for the option of district under which new branch in a new station being opened, shall not be considered for posting in the new station.
- 3) In case there is no eligible request available in the Transfer Diary from the employees within the State/Zone as per Point No 1 for the concerned District under which new branch in new station is being opened, then the concerned Zonal Office will issue Circular inviting applications from eligible clerical employees within the State/Zone (as the case maybe) under which the Branch is being opened and the senior most employee (in terms of active service) among those responding to the Circular will be posted.
- 4) While filling up the vacancy of SWO-A in new branch in new station, permanently designated SWO-B/Head Cashier-II/Special Assistant who have applied for request transfer to that particular district, prior to being designated as SWO-B/Head Cashier II/Special Assistant, (provided they are not already posted within that District), can forgo their special allowance and choose to go as SWO-A.
- 5) After posting the employees in new branch in a new a station as per above points & process, the concerned Zonal Office shall inform HR, CO regarding opening of the new station in the Online Transfer Diary in Union Parivar. Once the new station is added in the Station Master of Online Transfer Diary, the same shall be communicated by Central Office through Circular and the employees can register their requests.

B. The employees who are posted at a branch/ office in a station cannot apply for the same station as 1st or 2nd option in the preference order while applying for request Transfer in online Transfer Diary/ Module.

Similarly, the employees who are posted at a branch/ office in a station within a particular district shall not have the option to choose the same district as their third option in the preference order while applying for request transfer in Online Transfer Diary / Module.

And the employees posted in a branch/ office in a State cannot choose the same State in transfer diary as his 4th preference. i.e. In Online Transfer Diary, employees cannot apply as 4th option for the State under which they are currently posted.

In the existing online Transfer Diary, any request for transfer to the same station/ district/ State as stated above will not be considered & the same will be deleted from online transfer diary. But such employees will have the option to choose any other Station/ District / State as their preference, except the station/district/State under which they are currently posted. The fresh requests registered will be on real time basis.

- C. A female employee, under spouse joining ground, shall request for transfer by applying for only one Station as her preferred choice (first preference). CONFIRMATION OF CLERICAL STAFF ON PROBATION

STAFF CIRCULAR NO. 1911 dated 30 July 1977

It has been observed that reporting on clerical employees on probation and the need to appraise their efficiency, application to work, conduct, behaviour, attendance, etc. during the period of probation has become a matter of mere formality. Some of the Branch Managers have not been submitting confidential reports on the work, conduct, attendance etc. of the probationers in time with the result that many a times we are faced with a fait accompli to confirm probationers who are not upto the mark in their work etc. With a view to putting a stop to such occurrences, in future, Branch Managers are given the following information and guidelines which they are expected to scrupulously follow:

- (i) The purpose of appointing an employee on probation is to give the employee an opportunity to show his suitability for the post by virtue of his knowledge, efficiency, conduct, application to work, etc. on the one hand and also to give an opportunity to the Management to appraise employee's suitability for the job he is required to perform for determining whether he should or should not be confirmed in the service of the Bank and whether his period of probation should be extended.
- (ii) According to the rules applicable to the probationers, the Workmen Staff can be appointed on a probation of 6 months, and if within that period of probation of 6 months, their work is found satisfactory, they can be confirmed in the Bank's permanent service.
- (iii) In case, however, his work is not found satisfactory within the probationary period of 6 months, it is open to the Bank either to terminate the employee's service on expiry of his probationary period or to extend his probation period by a period of not more than 3 months.
- (iv) If within this extended period of probation, his services are found to be satisfactory, he may be confirmed in the Bank's service. If, however, he has not yet come upto the mark, it is open to the Bank to terminate the probationer's service.
- (v) In case the Bank desires to terminate the services of a probationer, it is required to give to the probationer one month's notice in advance or one month's pay and allowances in lieu of notice. On the other hand, if the probationer desires to leave the service of the Bank before the expiry of the period of his probation, he has to give either 14 days' notice in advance before leaving the Bank's service or 14 days' pay and allowances in lieu of notice.
- (vi) When a probationer is neither confirmed in the Bank's service nor his probationary period is extended on completion of his period of probation in the first 6 months, he is, according to the rules applicable, deemed to be confirmed in the Bank's service.

With a view to ensuring that timely action is taken in cases of probationary Clerks who have not come upto our expectations, it has been decided that Branch Managers Heads of Offices should record and forward to this department appraisal reports once every two months on probationary Clerks until they are confirmed in the Bank's service. You are, therefore, advised to follow the following instructions scrupulously:

- (a) No sooner a probationer is employed in the Bank's service, care should be taken to see that all formalities regarding recruitment have been duly complied with.
- (b) The probationer should be made to work in as many departments as possible in order to determine his aptitude and skills and also to give him a comprehensive knowledge into the Bank's routine.
- (c) Branch Managers should ensure that the Central Office receives the confidential reports on the employee bi-monthly so that at least 2 confidential reports are received by the Central Office before his period of probation expires.
- (d) While filling in the confidential report, care should be taken to see that 'it is filled in impartially, objectively and that personal prejudices do not influence the report. For this purpose, if anything adverse/commendable is observed at any stage, a record thereon should be maintained. In case, however, where it is felt that the employee is much below par, the Branch Manager should not wait upto the fifth month to submit his report. He should, in such cases, report the matter as early as possible and should keep

Classification: Confidential

on reporting the progress or otherwise on the part of the employee from time to time. The Central Office will arrange to inform him in writing of his shortcomings and advise him to show improvement.

- (e) While bending the confidential reports, you should submit your specific re-commendations as to whether the employee deserves to be confirmed or not in the Bank's service.
- (f) It may happen in certain cases that a probationer during the period of his probation is transferred from one branch to another. In such cases, the Branch Manager from whose branch the employee has been so transferred, will immediately forward the confidential report on the employee to the Central Office irrespective of the short period he may have worked with the branch and the Branch Manager in whose branch such employee is transferred will see to it that the confidential report on the employee is sent to the Central Office at least one month before the expiry of the probationary period of the employee.

At the cost of repetition, Branch Managers are advised to follow the aforesaid instructions scrupulously. Needless to mention that any default on their part in this respect will be viewed seriously by the Management. We hope in the larger interests of the policy of recruiting right types of personnel, you will extend your co-operation by observing the instructions given above.

DISCIPLINARY ACTION & PROCEDURE IN RESPECT OF AWARD STAFF

The basic rules and procedures in the matter of Disciplinary Action against workmen have been laid down by Sastry Award and later modified by Desai Tribunal in 1962. Subsequently, industry wise settlement was signed from 19th October 1966 between Employers and Workmen. Various modifications have been made in these rules by virtue of settlements. All the modifications made from time to time are acceptable by the workmen, as their representatives have voluntarily accepted them. Chapter IX states that unless the provisions of the Sastry Award, or Desai Award or previous settlements are changed or modified, they will continue to be effective and operative. Accordingly, the applicable rules are not only those which have been recently drafted but even rules which have not been modified, still hold good.

Sharing of Modus Operandi Staff Housing Loan- Diversion of funds

Circular Letter No.8366-2023 Date:21.01.2023

A unique modus operandi has been noticed at one of the Branches where staff has misutilized the funds disbursed for staff housing loan. Details of the same are elaborated below-

Classification: Confidential

- ❖ One of the staff of our Bank has been sanctioned Staff housing loan for purchase of plot and construction of residential house thereon.
- ❖ Branch has released the amount for purchase of plot through demand draft in favor of owner of the plot & accordingly the plot was purchased.
- ❖ Thereafter, within 21 days of disbursement for purchase of plot, further disbursement was effected releasing entire sanctioned limit for construction of the house in 2 months' time. However, construction was not initiated at all & no relevant documents were submitted by concerned staff confirming end use of funds.
- ❖ The funds disbursed were first disbursed to "Inward RTGS" account & ultimately credited to staff overdraft through savings account. Entire disbursed amount was then invested in stock market instead of construction of house.

What Went Wrong:

- ❖ Loan amount for construction was released without obtaining necessary construction permissions.
- ❖ No site visits done by the Branch officials during stage wise disbursements. No proof obtained for end use of funds.
- ❖ Funds were ultimately disbursed to SB account of the staff instead of direct payment to supplier/contractor.
- ❖ Margin money by the Staff (borrower) was not ensured before disbursement.
- ❖ Entire loan proceeds were disbursed within 2 months without logically considering time required of construction of house.

Staff Lapses:

- ❖ Without submitting necessary documents as required for construction, staff has availed entire disbursement.
- ❖ The loan amount was mis utilized/ diverted for personal investments in stock market.
- ❖ Investments are not declared in Annual assets & liability statements.

Learnings from said incidence:

- ❖ Branch should obtain copy of necessary approvals/plan for construction before parting with the funds.
- ❖ Proof of invoices/bills for payment of amount spent should be obtained ensuring end use of funds lent.
- ❖ Margin as per scheme guidelines should be ensured before disbursement.
- ❖ Periodical site visits to verify progress of constructions should be ensured.
- ❖ Housing loan/conveyance loan sanctioned/dispursed to the staff members should be utilized for the very purpose of finance. Disbursing branch should also ensure due compliance of sanction terms/scheme guidelines.

Said incidence has resulted in financial loss to the organization. Staff who has availed housing loan and then Branch head who disbursed the loan are suspended from the services with immediate effect.

Staff members should raise the alarm for such irregular practices through whistle blower mechanism, without any fear or favor, for preventing financial and reputational loss to the Bank.

- 1.2. As a part of Bank's ethos, Bank believes that all the employees of the Bank have the right to be treated with dignity. Any act of sexual harassment at workplace or other than workplace, if involving employees, is a grave offence and needs to be prohibited & prevented with appropriate measures as a matter of Policy. Bank believes that there should be an effective system in place that provides speedy disposal & redressal of the complaints received from the complainants of sexual harassment.
